---

Hello our dear friends. On behalf of the entire KVTC family, I would like to wish you a happy new year. We wish you a blessed and successful year.

In addition, we would like to express our sincere thanks to you for the way you cooperated with us in the year 2023. Indeed, with your help, we have had a successful year despite several challenges that we faced.

We thank you for sponsoring our students who came from difficult circumstances, orphans and those who went through the upbringing of a single parent or living with grandparents. Some of them have completed their studies in the graduation held in December 2023 and others took their exams at the end of the year, many of them depend on being employed in various companies, in the government and others are self-employed.

Dear brothers and sisters, students who were studying in the first and second year of 2023 hope to continue their studies in the second and third year of 2024. We urge you to continue to sponsor them and please sponsor many others who have brought their applications.

We are very grateful to the leadership of STEP ONE, TASKFORCE and DOROTH COFFEE for their great heart to help us and we ask you to join them to continue to bring smiles to these children who come from difficult and dangerous environments so that they can get education, knowledge and skills.

Yours in service,

Daniel Mboya

Principal
